Others present were:

- Lawrence Flynn, OJRSA Attorney (*via phone*)
- Kenneth Marshall, AQD

A) Call to Order – Mr. Bronson called the meeting to order at 4:01 p.m.

B) Invocation and Pledge of Allegiance – By Ms. Myers.

C) Recognition of Celia Myers for Her Contributions to the OJRSA – Mr. Bronson expressed his gratitude and thanked Ms. Myers for her time on the board and the Finance & Administration and Reconstitution committees. Mr. Moulder wished Ms. Myers the best in her future endeavors.

D) Public Session – None.

E) Approval of Minutes:

- **Board of Commissioners Meeting of June 1, 2026**
Mr. Dial made a motion, seconded by Ms. Myers, to approve the June 1, 2026 Board Meeting minutes as presented. The motion carried.
- *NOTE: The Board of Commissioners Meeting Scheduled for July 6, 2026 Was Cancelled by the Board.*

F) Committee and Other Meeting Reports:

- **Operations & Planning Committee Meeting of July 16, 2026** – Mr. Moulder presented the report to the Commission. **See attached minutes.*
Mr. Moulder made a motion, seconded by Mr. Dial, to approve the July 16, 2026 Operations & Planning Meeting minutes as presented. The motion carried.

- **Finance & Administration Committee Meeting of July 28, 2026** – Ms. Myers presented the report to the Commission. **See attached minutes.*

Ms. Myers made a motion, seconded by Mr. Dial, to approve the July 28, 2026 Finance & Administration Meeting minutes as presented. The motion carried.

G) Secretary/Treasurer's Reports (June: Exhibit A; July: Handout #1) – Ms. Stephens presented the Secretary/Treasurer's Reports to the board.

Mr. Dial made a motion, seconded by Mr. Parris, to approve both the June and July 2026 Secretary/Treasurer's Reports as presented. The motion carried.

H) Presentation and Discussion Items:

1. **Due to the Committee Vacancies Created by Commissioner Myers' Departure, the Committee Assignments Should be Considered, Including the Selection of a Member to Serve as the Representative on the Executive Committee. NOTE: It Is Recommended That No Member City Has More Than Two Seats on Any Committee (Exhibit B)** – Mr. Bronson stated that the exhibit has Mr. Parris under Walhalla instead of Westminster in error.

Mr. Eleazer reported, and Ms. Myers confirmed, that Ms. Myers will attend the August Reconstitution Committee and Finance & Administration Committee meetings unless the City of Walhalla appoints her replacement. Mr. Bronson stated that no action is necessary right now and that the board can make this decision next month when Ms. Myers' successor is appointed. There were no objections to this.

2. **Update on Oconee County's Funding of Financial Studies for the Ad Hoc Reconstitution Committee** – The Director explained that the OJRSA paid three (3) invoices from Raftelis for the financial study for the Reconstitution Committee and then billed the Member Cities and Oconee County for their portions to reimburse on them. Mr. Eleazer stated he received an email back from Oconee County Administrator, Mr. Stewart Jones, that stated County Council was not aware of this obligation, that Councilman, Mr. Glenn Hart, did not have the authorization to accept this, and that Oconee County does not want to participate in the study and, therefore, will not pay the invoice. The OJRSA has absorbed Oconee County's portion of the payment.

Mr. Bronson asked if this was presented as information and if the Reconstitution Committee will discuss the matter. Mr. Eleazer replied that it could be discussed now or by the Reconstitution Committee. Mr. Moulder stated he thought the board should discuss it, as this was a duplicate payment for the OJRSA and should be decided whether to split the extra cost amongst the Member Cities.

Mr. Flynn stated that there is a larger question to consider as well about whether Oconee County should continue to have a seat as a member of the Reconstitution Committee with voting rights if they are not going to participate in the study. Mr. Bronson asked if the board wanted to revisit keeping Oconee County on the committee. Mr. Moulder stated this is a valid discussion and expressed some surprise how, for many years, Oconee County wanted to have a seat on the board and now they don't. Mr. Flynn added that the OJRSA could make Oconee County only an advisory capacity like the Town of West Union has with no voting rights.

Mr. Eleazer read the emails from Mr. Jones to the board members, and this included where it was stated that Councilman Hart did not have the authority to approve the cost of expenditures without Oconee County Council's approval. Mr. Bronson stated that he was a part of the meeting, which Councilman Hart also attended, where the discussion about the cost share was discussed. Mr. Bronson also stated that the board authorized the committee to do its work and also appointed the members of the committee, and it appears that one of those appointments does not want to participate, and he does not think it inappropriate to remove Oconee County from the committee. Mr. Flynn stated that the board could make them an advisory member like the Town of West Union. Mr. Flynn said if Oconee County is unwilling to fund their share of the cost, which is fundamental to the next steps of the reconstitution discussion regarding financial feasibility through the analysis of

outstanding debt and the financial feasibility through Raftelis, it would not be fair to the others who are paying to keep Oconee County in their current capacity. He added that ultimately this is a board decision.

Mr. Bronson asked Mr. Eleazer if Mr. Jones had been notified that their lack of participation in the study would endanger their voting rights on the committee. Mr. Eleazer replied no; he didn't know if he had that authority without bringing it to the board first. Mr. Eleazer stated that he did email Mr. Jones to ensure he understood that Oconee County did not want to participate in the study, and Mr. Jones responded in confirmation.

Ms. Myers suggested either a meeting with, or a letter being sent to, Oconee County explaining the removal of voting rights if they do not participate. Mr. Dial said, from reading the meeting minutes from the reconstitution meetings that Mr. Hart attended, it seems like Mr. Hart had enough knowledge about this to share with Mr. Jones. Mr. Bronson agreed and said he was surprised about Oconee County's response.

Mr. Dial asked if Oconee County's share would be split evenly amongst the entities. Mr. Eleazer stated yes and explained that the OJRSA has already paid the bill in full and gets reimbursed by the entities. It was determined that Oconee County's share was approximately \$13,000.00.

Mr. Dial said he was good with sending a letter to Oconee County specifying what will happen if they do not participate in the study. Mr. Moulder agreed with a point of communication with Oconee County and suggested the board make the decision at the next board meeting.

Mr. Bronson asked Mr. Eleazer to draft a letter that explicitly states that the OJRSA would like Oconee County to participate, but if they will not financially help with the cost of the study, they will only serve on the committee in an advisory capacity in lieu of a voting capacity. He also said that the letter should be signed by the OJRSA's Executive Director and the Board Chairman.

Ms. Myers suggested there be a deadline for a response. Mr. Bronson stated to make the deadline the Friday before the next board meeting.

Mr. Bronson asked if any of the board members objected to this or wanted this covered in a vote. Mr. Flynn stated he would like a formal vote.

Mr. Moulder made a motion, seconded by Mr. Dial, to authorize the Executive Director to write a letter to Oconee County with the stipulations stated in today's meeting and signed by the Executive Director and Board Chairman. The letter will have a deadline for the Friday before the next board meeting. The motion carried.

Mr. Eleazer asked who the letter should be addressed to. Mr. Bronson and Mr. Moulder replied to Oconee County Administrator, Mr. Stewart Jones. Mr. Flynn suggested adding Oconee County Councilman, Mr. Glenn Hart. Mr. Bronson said to copy Mr. Hart.

I) Action Items:

- 1. Approve the Draft OJRSA Schedule of Fees Section 7.2 – Leak Adjustment Policy and Authorize the Executive Director to Advertise It for Public Comment with Consideration for Adoption to Occur at the September 14, 2026 Meeting (Exhibit C)** – The Executive Director stated that Mr. Flynn put this together based on comments at the June 1, 2026 board meeting after review by the Finance & Administration (F&A) Committee. The F&A committee members made some changes that were incorporated into this document. Ms. Myers confirmed that the changes were included.

Mr. Bronson stated that the policy defers to the Member Cities' policies for their own customers. Mr. Eleazer stated that adjustments for wholesale customers defers to the Member Cities' policies. Adjustments for retail customers will follow this new policy.

Mr. Eleazer added that Mr. Flynn recommended if the board votes on this today, it would be to advertise it for public notice with a dedicated public comment period at the September board meeting.

Mr. Dial made a motion, seconded by Mr. Parris, to approve the OJRSA Schedule of Fees Section 7.2 as presented and advertise it for public notice with a public comment period and consideration for adoption at the September board meeting. The motion carried.

2. **Preauthorize the Executive Director to Execute Dewatering Equipment Installation Project Change Orders Up to an Additional \$150,000 in Total Expenses Contingent on Written Notification Confirming That SC RIA Will Provide SCIIP Funding to Cover Costs** – Mr. Eleazer stated that when the contract was awarded to Harper General Contractors, the board pre-approved \$177,000 in contingency for change orders. There is currently \$2,000 remaining of this contingency. (These funds are being reimbursed by the SCIIP grant.)

The most recent change order was for replacing an 8" valve; however, two (2) additional 10" valves on the sludge line need to be replaced requiring another change order. It is anticipated that the RIA will reimburse this with the SCIIP money as well, but there isn't a confirmation on that at this time.

Mr. Eleazer stated that the purpose of this vote would be to allow him to execute future change orders on this project up to a total expense of \$150,000 with the stipulation that there is confirmation that the SCIIP grant funds will reimburse the OJRSA for the expenses. Without this preauthorization, the board will have to hold a special, called meeting to approve each new change order. Mr. Eleazer added he will still bring any change order that will not be reimbursed by SCIIP funds will be brought before the board for approval.

Ms. Myers made a motion, seconded by Mr. Moulder, to preauthorize the Executive Director to execute project change orders up to \$150,000 contingent on written confirmation that SC RIA will provide SCIIP funding to cover costs. The motion carried.

J) Executive Director's Discussion and Compliance Matters – Mr. Eleazer reported on the following:

1. Environmental and Regulatory Compliance Matters:

PAA Spill – Mr. Moulder spoke about the peracetic acid (PAA) spill in his meeting report. A report was submitted by the OJRSA to the SC Department of Transportation last Thursday via U.S. Postal Service.

Speeds Force Main Leak – There were no gallons spilled, so it was not reportable to SC Department of Environmental Services (SCDES); however, OJRSA documented the leak and filed the paperwork internally.

Aluminum and Mercury Assessment Minimization Plan – The OJRSA submitted the aluminum and mercury assessment minimization plans to SCDES last week as part of the NPDES permit renewal. The OJRSA is awaiting their review and comments. The OJRSA proposed doing one sample in the coming year.

2. **Regional Feasibility and Reconstitution Quarterly Report No. 4 (Exhibit D)** – The report was submitted to the Rural Infrastructure Authority (RIA) and has been distributed to the board today.
3. **Miscellaneous (If Any)** – The Executive Director took a moment to thank Ms. Myers for her time on the board and for everything she brought to the board for consideration and discussion. She wished her the best in her future endeavors.

K) Commissioners' Discussion – None.

L) Executive Session – ACTIONS MAY BE TAKEN ON ITEMS DISCUSSED IN EXECUTIVE SESSION

1. **Perform Annual Evaluation of Executive Director [Section 30-4-70(a)(1)]**
2. **Receipt of Legal Advice for Matter Covered by Attorney-Client Privilege – Discussion of Draft of Billing Agreement [Section 30-4-70(a)(2)]**
3. **Receipt of Legal Advice for Matter Covered by Attorney-Client Privilege – Discussion of Sewer Utility Agreement with Oconee County [Section 30-4-70(a)(2)]**

4. Receipt of Legal Advice for Matter Covered by Attorney-Client Privilege – Discussion of Impact Fee Policy and Timing of Payments [Section 30-4-70(a)(2)]

At 4:47 p.m., Mr. Dial made a motion, seconded by Mr. McKee, to enter Executive Session to discuss the Executive Director's annual evaluation and to receive legal advice. The motion carried.

At 6:17 p.m., Mr. Moulder made a motion, seconded by Mr. Dial, to return to Regular Session. The motion carried.

Mr. Bronson stated that no actions were taken during Executive Session. He asked if the board wanted to make a motion to extend the Executive Director's employment contract and give Mr. Eleazer a 2.75% pay increase.

Ms. Myers made a motion, seconded by Mr. Moulder, to give the Executive Director a 1-year contract extension and a 2.75% pay increase effective July 1, 2026. The motion carried.

M) Adjourn – Mr. Bronson adjourned the meeting at 6:19 p.m.

SCHEDULE OF FEES SECTION 7.2

LEAK ADJUSTMENT POLICY

DRAFT FOR PUBLIC NOTICE

Section 1. Purpose; Eligibility. The purpose of this policy is to provide a fair and consistent method for adjusting sewer charges attributable to qualifying water leaks that do not result in additional wastewater treatment or conveyance costs to the OJRSA. Because sewer charges are generally calculated based upon metered water consumption, a qualifying leak may result in sewer charges being assessed for water that did not enter the sanitary sewer system and therefore did not require collection, conveyance, or treatment by OJRSA (e.g., toilet leaks; running toilets; leaking faucets, fixtures, or plumbing located inside or outside of a structure where the water enters the OJRSA system).

Section 2. Wholesale Customers. For Wholesale Service Area customers served whose retail sewer service is provided by Member City or the Town of West Union (collectively, the “Retail Sewer Providers”), OJRSA shall follow and apply the leak adjustment policy and determination made by the applicable Retail Sewer Provider. Any leak adjustment approved by the Retail Sewer Provider shall be recognized by OJRSA for purposes of calculating and applying the corresponding wholesale sewer charge adjustment.

Section 3. Retail Customers. For customers receiving sewer service directly from OJRSA in the Retail Service Area, a written leak adjustment request (a “Leak Request”) shall be submitted in writing to OJRSA and shall include: (1) the customer account number; (2) a description of the leak; (3) the date the leak was discovered; (4) the date the leak was repaired; and (5) documentation demonstrating repair of the leak, including invoices, receipts, photographs, contractor statements, or other evidence acceptable to OJRSA. Requests must be submitted within ninety (90) days following repair of the leak unless otherwise approved by OJRSA.

If a Leak Request is approved, OJRSA shall calculate the adjustment based upon the estimated volume of water attributable to the qualifying leak that did not enter the OJRSA system. The adjustment shall apply only to sewer charges. Water charges, fees, penalties, or other charges imposed by a water provider shall not be adjusted by OJRSA. The determination of the adjustment amount shall be made by OJRSA based upon a running average of four (4) months of historical usage, not including the leak period, and any other information deemed relevant by OJRSA.

OJRSA shall review each complete Leak Request and issue a determination as promptly as possible, but which will generally occur within twenty-one (21) calendar days of OJRSA’s receipt of the Leak Request. If OJRSA determines that additional time is reasonably necessary to complete its review, OJRSA shall notify the requester in writing before the twenty-first (21st) calendar day, stating the reason for the delay and providing an estimated date of determination. If a Leak Request is denied in whole or in part, OJRSA shall provide written notice of the determination. Approved leak adjustments shall be applied as a credit to the customer's account and reflected on one or more subsequent bills. If the customer account has been closed and a credit cannot reasonably be applied, OJRSA shall issue a refund check for the approved adjustment amount within fourteen (14) calendar days following approval of the request.

Section 4. Frequency Limitation.

A. Wholesale Customers – A wholesale customer shall be eligible for leak adjustments in accordance with policies of the applicable Retail Service Provider.

B. Retail Customers – A retail customer shall be eligible to receive no more than one (1) leak adjustment during any two (2) year period, measured from the date of approval of the previous leak adjustment. OJRSA, acting through its governing board, reserves the right to waive this limitation in extraordinary circumstances upon a finding that strict application of this provision would be inequitable.

Quarterly Progress Report: OJRSA Regional Feasibility and Reconstitution

Report No. 4

July 13, 2026

Submittal Statement

This report is provided to the South Carolina Rural Infrastructure Authority, Oconee Joint Regional Sewer Authority ("OJRSA") Board of Commissioners, and Oconee County Council in accordance with the recommendations provided by the Ad Hoc Regional Feasibility Study Implementation Committee and as accepted by the OJRSA Board of Commissioners on July 15, 2025.

Quarterly Progress Report: OJRSA Regional Feasibility and Reconstitution**Report No. 4**

July 13, 2026

Background

In 2022, the Oconee Joint Regional Sewer Authority (“OJRSA” or “Authority”) was awarded a Regional Feasibility Planning Grant¹ by the South Carolina Rural Infrastructure Authority (“RIA”). OJRSA subsequently procured the services of W.K. Dickson (now, Ardurra) to develop a comprehensive Regional Feasibility Planning Study (“Planning Study”) to determine if regionalizing sewer collection, conveyance, and treatment in Oconee County, South Carolina (“County”) will streamline service delivery and enhance the success of the community and its quality of life. The Planning Study² included the analysis and recommendations in the following core areas: (1) governance structure; (2) revenues and finance; (3) environmental compliance, (4) utility resources, and (5) efficiency in operations and service.

The Planning Study was completed in August 2024 and adopted by the OJRSA Board of Commissioners (“Board”) in September 2024. A special Ad Hoc Regional Feasibility Study Implementation Committee (“Feasibility Committee”) was established by the Board in November 2024 to review, discuss, and evaluate the Planning Study’s primary recommendations and to provide independent recommendations for implementing this restructuring.

The Feasibility Committee established five major recommendations to reorganize/reconstitute the OJRSA under the South Carolina Joint Authority Water and Sewer Systems Act (the “Act”), as follows:

1. The collection systems of current Authority members and Oconee County should be consolidated into one combined system – owned, operated, and maintained by the reconstituted Authority.
2. The Authority should be reconstituted with a new five-member Board of Commissioners (the “New Board”).
3. The governance documents of the reconstituted Authority will be drafted and supersede all existing Authority governance documents and contracts, which must be dissolved as a part of this process. These documents will also provide that the reconstituted Authority will have the power to provide retail sewer services within its service area as necessary to support the operation of the consolidated collection systems. This should be finalized upon completion of the consolidation but can be drafted during the consolidation process.
4. The current Board will dissolve the Feasibility Committee and then establish a working group or smaller ad hoc committee to oversee and guide the initial implementation steps outlined above (the “Reconstitution Committee”³).
5. It is recommended that a communications plan for the reorganization be developed, which should be used by all entities involved. This plan will ensure clear and consistent messaging while also allowing for input from residents and customers of the Authority. Maintaining an open process is crucial to maximize the chances of success in consolidating the collection systems and establishing the reconstituted Authority with the New Board.

The Feasibility Committee noted the recommendations were vital to the long-term success of the Authority, and in the absence of the implementation of these recommendations, the OJRSA runs the risk of significant regulatory compliance matters, lack of funding, and restrictions on growth and development of the County as a whole.

The final Feasibility Committee recommendations, which were presented to and accepted by the Board at a joint meeting with Oconee County Council in July 2025, included a list of specific tasks which were established by the Feasibility Committee with timelines associated with each function. These included:

1. Within 45 days (August 29, 2025)⁴, the current Board will dissolve the Feasibility Committee and

establish the Reconstitution Committee for further implementation oversight.

2. On a quarterly basis, the Reconstitution Committee will provide an update to RIA, the current Board, and Oconee County on the progress of the implementation of these initial recommendations.
3. Within 45 days (August 29, 2025), the legislative revisions to the Act will be finalized and provided to the Oconee County Delegation ("Delegation"). Consultation shall be made with the Delegation on whether lobbyist support will be needed.
4. Within 90 days (October 13, 2025), resolutions of support for system consolidation/Authority reorganization will be provided to and adopted by each governing body affected by the recommendations, including the Board, Seneca City Council, Walhalla City Council, Westminster City Council, West Union Town Council, and Oconee County Council.
5. Within 120 days (November 12, 2025), consultants shall be engaged, and the process of collection system evaluation (technical) and valuation (financial) will be initiated, including identification of potential funding for this effort and immediate rehabilitation projects that may be identified or on current Capital Improvement Plans ("CIP"). Additionally, a rate consultant will be engaged.
6. Within 120 days (November 12, 2025), a Communications Plan will be developed under the guidance of the Implementation Committee and provided to all entities involved.
7. Within 60 days of the approved changes to Act being approved (likely July/August 2026), the list of recommendations for the initial commissioners for the reconstituted Authority ("New Commission") will be provided to the Delegation.
8. Within 15 months (February 27, 2027), the evaluation and valuation of collection systems will be completed.
9. Within 18 months (May 12, 2027), the determination of a timeline for developing a unified, equitable rate structure will be provided as a part of the initial terms for collection system consolidation.
10. Within 24 months (July 15, 2027), legal documents to transfer collection system assets to the Authority will be executed, as well as all necessary reconstitution documents.
11. Within 25 months (August 16, 2027), if the legislative amendments have not been approved, plans for consolidation under the amended Act will be abandoned. Thereupon, the Authority will proceed to consolidate the member system and implement the reconstitution under the existing Act, with such process to be finalized by no later than 36 months (July 17, 2028). Additionally, all members shall be issued permits in compliance with the OJRSA Sewer Use Regulation ("SUR") and added as co-permittees under the National Pollutant Discharge Elimination System ("NPDES") permit.

Summary of Current Actions

This section separately addresses each of the specific tasks identified in the Background section above.

Committee Members

The following are members of the Ad Hoc Reconstitution Committee (also referred to herein as the "Committee"):

- Appalachian Council of Governments – Chip Bentley
- Oconee County – Glenn Hart
- OJRSA – Chris Eleazer
- OJRSA Legal Counsel – Lawrence Flynn
- Seneca – Scott Moulder⁵
- Walhalla – Celia Myers⁵
- Westminster – Kevin Bronson⁵

⁵ Also a member of OJRSA Executive Committee

July 13, 2026

- Facilitator⁶ – Katherine Amidon
- Facilitator⁶ – Joel Jones
- Facilitator⁶ – Angie Mettlen

Town of West Union Mayor Linda Oliver has also participated in the meetings as a nonvoting member.

Committee Meetings

The following events and meetings occurred during the reporting period:

- April 9, 2026 – Ad Hoc Reconstitution Committee and OJRSA Executive Committee meeting
- May 14, 2026 – Ad Hoc Reconstitution Committee and OJRSA Executive Committee meeting
- June 11, 2026 – Meeting cancelled while financial consultants performed individual meetings with municipalities, county, and OJRSA. Next scheduled meeting is August 13, 2026.

Recommendation Item 1: Dissolve Feasibility Committee and Create New Committee

Target Date: August 29, 2025

Status: Complete

See Report No. 1 for information.

Recommendation Item 2: Submit Quarterly Report

Target Date: Within 14 days after completion of each calendar quarter

Status: Report #4 complete

This quarterly report has been prepared and submitted in accordance with Recommendation Item 2. Best efforts will be made to submit quarterly reports to RIA within two (2) weeks after the end of each calendar quarter⁷ until this process concludes.

Recommendation Item 3: Submit Joint Authority Water and Sewer System Act Draft to Oconee County Delegation

Target Date: August 29, 2025

Status: Complete

Revisions to the Joint Authority Water and Sewer System Act ("JAWSSA") were signed into law by Governor McMaster on Monday, May 18. More information can be found here: https://www.scstatehouse.gov/sess126_2025-2026/bills/829.htm.

Recommendation Item 4: Adoption of Resolutions of Support

Target Date: October 13, 2025

Status: Complete

See Report No. 3 for information.

Recommendation Item 5: Initiate Collection System Technical Evaluation and Financial Valuation

Target Date: November 12, 2025

Status: In process

The OJRSA submitted financial, capital planning, and other requested information to Raftelis Financial Consultants in April 2026. The municipalities and county were expected to submit their information directly to the financial specialists.

Individual meetings will be held with the municipalities and OJRSA during early July.

Recommendation Item 6: Develop Communications Plan

Target Date: November 12, 2025

Status: Ongoing

The following Reconstitution Progress Communication Memorandums were disseminated to the councils and leadership of the Member Cities, Oconee County, Town of West Union, and key stakeholders during this quarter:

- April 17, 2026 – Memo #3 focused on addressing questions regarding land use control and wastewater expansion.
- April 22, 2026 – Memo #4 provided an update on the project and timeline and includes the on-going list of proposed future memo topics
- Future memos may include the following topics:
 - Update following adoption of revisions to the JAWSSA
 - Collection system technical evaluation and financial determination information
 - Order of operations and party(ies) responsible for handling matters such as complaint response and determining rates if reconstitution and consolidation occurs
 - Wholesale Agreements
 - Initial commissioners for the New Commission

Recommendation Item 7: Consider Initial Commissioners for New Authority

Target Date: Within 60 days of approved changes to Act (likely July/August 2026)

Status: Not started

This will need to be considered at an upcoming meeting.

Recommendation Item 8: Complete Technical Evaluation and Valuation of Collection Systems

Target Date: February 27, 2027

Status: Study underway

As noted in Recommendation Item 5, this study is underway and is expected to be completed by October 2026.

Recommendation Item 9: Develop Unified, Equitable Rate Structure

Target Date: May 12, 2027

Status: Not started

Recommendation Item 8 must be completed prior to beginning this task.

Recommendation Item 10: Execute Transfer of Wastewater Collection System Assets and Reconstitution Documents

Target Date: July 15, 2027

Status: Not started

This task will begin later in the process.

Recommendation Item 11 (contingency): Abandon Consolidation and Reconstitution Plan

Target Date: August 16, 2027

Status: Not applicable at this time

This contingency item will only apply if the Reconstitution Committee cannot reach consensus.⁸ That said, there are some questions from some of the entities regarding the proposed Board appointment process and voting allocations with the reduced number of members. The facilitators recognize that these issues

⁸ The necessary legislative amendments were approved as submitted to Senator Thomas Alexander by OJRSA. See Recommendation Item 3 for more information.

are ones that could derail the process. As such, they are working to clarify the process/voting allocations and address other concerns from the entities as they arise to keep this effort moving forward. The importance of transparent and open communication has been conveyed to the committee as the facilitators feel this to be a key factor in successfully completing the reconstitution of the authority.

Past Actions

Re: Bank Reconciliations for OJRSA June 2026

Dear Lynn,

We have completed and reviewed the bank reconciliations for June 2026 for the following accounts:

- Retail Impact Fund Account
- Retail OPS & Maintenance Account
- Projects & Contingency Fund
- Wholesale OPS & Maintenance Account
- Wholesale Impact Fund Account

For the reconciliations completed and reviewed, we noted no discrepancies from the bank reconciliations comparing the bank statement balances and the general ledger balances. The Retail Impact Fund Account had no activity and thus no reconciliation printed from your system. Screen shots were attached showing ending balances. Please find a copy of the bank reconciliations attached.

Please let me know if you have any questions,
Sincerely,

OCONEE JOINT REGIONAL SEWER AUTHORITY

Operations & Planning Committee

July 16, 2026

The Operations & Planning Committee meeting was held at the Coneross Creek Wastewater Treatment Plant.

Commissioners that were present:

- Seat 2 (Seneca): Scott Moulder (Committee Chairman)
- Seat 3 (Seneca): Scott McLane
- Seat 6 (Walhalla): Zane Thompson
- Seat 9 (Walhalla & Westminster): David Dial

Commissioners that were not present:

- None. All Commissioners were in attendance.

OJRSA appointments and staff present were:

- Lynn Stephens, Secretary/Treasurer to the Board and Office Manager
- Chris Eleazer, Executive Director
- Kyle Lindsay, Operations Director

Others present were:

- None

NOTE: Due to technical issues, the meeting was not livestreamed on YouTube; however, an audio recording was made and is on file with OJRSA.

A) Call to Order - Mr. Moulder called the meeting to order at 8:33 a.m.

B) Public Session – None.

C) Presentation and Discussion Items:

- **Update on FY2026 and Current Projects (Exhibit A)** – Mr. Eleazer reported that the sheet distributed is for the closeout of FY2026 projects. A few items on the sheet were either deferred or elected not to begin at all. The OJRSA is looking at doing a study for a potential grant through FEMA for the Coneross Pump Station pumps 4 and 5 project; the Perkins Pump Station project will also be part of that grant.

The Final Clarifier #3 rehabilitation and replacement project has been pushed off by Evoqua (the equipment manufacturer) until November due to the equipment delivery schedule. The OJRSA has paid the third installment payment for fabrication. Mr. Lindsay added that Harper (the contractor doing the installation for the job) is planning to remove the existing equipment when they have a crane here in the next couple weeks, so they will be ready to begin the installation when the equipment arrives. The Martin Creek Pump Station motor base was purchased but not installed; it will be installed the next time the pump seals are replaced.

The Director also stated that he is currently putting together a new spreadsheet for FY2027. In addition, the final payment to Ardurra/W.K. Dickson will be sent out next week, and the OJRSA is

expecting a \$66,000 check back from the engineer for extending the contract to oversee the additional work they had to do.

Mr. Dial asked why a couple of the projects on the first page were cancelled, including one that had priority. Mr. Eleazer stated the priority project was cancelled as the proposed cost was three times the budgeted amount for it, and Blue Ridge Electric Co-Op is moving the distribution line to the plant side of the road which will help the issue. The other project was eliminated to do the clarifier work that was necessary, and the funding for the proposed project was used for the clarifier replacement.

D) Action Items to Recommend to the Board for Consideration – None.

E) Executive Director's Discussion and Compliance Matters – The Executive Director reported on the following:

1. Environmental and Regulatory Compliance Matters:

Speeds Force Main Leak – There was another break on the Speeds Creek force main on June 30, 2026. While cutting the right-of-way, an OJRSA employee noticed some dampness on the ground. When it was checked again the next day and still damp, the conveyance team dug and found a previous repair clamp had shifted due to the ground settling around the pipe and made a gap. The crew diverted the flow to the emergency tank at Martin Creek Pump Station while they fixed the clamp. There was no net spill, as the product was recovered and properly disposed of.

The Director added that the Speeds Pump Station preliminary report was received from the engineer and reviewed. It was sent back to the engineer with some requests for clarifications. The OJRSA should have some directions on how to replace this line very soon.

Peracetic Acid (PAA) Spill – There was a PAA spill at the plant on June 23, 2026. While an employee was trying to move the tote of PAA, the fork on the equipment punctured the tote. The spill was approximately 250 gallons out of the 300-gallon tote.

There was no serious concern; however, HazMat was called as a precautionary measure and cleaned it up by washing down with water and letting the rest dissipate. The National Response Center and SC Department of Environmental Services (SCDES) were notified, and they handled everything over the phone and did not come out to the site.

Mr. Eleazer also stated that he wanted to speak to Seneca City Council at their last meeting to thank everyone for their help in the situation but didn't know how to do that. Mr. Moulder stated that Mr. Eleazer couldn't speak unless it was on the agenda but said that if Mr. Eleazer writes a letter, he would be happy to read it at the next meeting during his report time. Mr. Eleazer replied that he would do that and thanked Mr. Moulder.

Mr. Dial asked about the secondary care that the waste hauling driver who drove through the spill had. Mr. Eleazer explained that the OJRSA didn't know he had gotten treatment at the hospital until the next day. The driver went through the spill shortly after it happened. The OJRSA notified the insurance carrier about the incident and was told there was nothing to do at this time, as there was no property damage, and the waste hauling driver would have to report it through his company's workers' compensation insurance.

2. Odor Complaints – Mr. Lindsay stated that he had been working with the odor equipment representative and had given them drawings of the digester. The representative calculated the size of pipe needed to be placed around the plant and sent a material list. They also sent the equipment and chemicals needed for the two-month demonstration period.

The OJRSA put out a request for quotes to contractors for installing the pipe. The OJRSA estimated the cost would be between \$25,000 - \$35,000; the lowest bid came in at \$150,000. This would put the project at a cost of approximately \$250,000 - \$300,000 just for the first year. The OJRSA did not budget for that.

Mr. Lindsay spoke about two (2) different types of piping that would be used. He stated that one required a bunch of elbow joints, and the other would have more of a straight line. He said he spoke

with the representative about possibly running two (2) straight pipes where the OJRSA could reduce some of the cost by installing it themselves.

Mr. Eleazer stated that OJRSA personnel are now driving through Cross Creek subdivision seven (7) days a week in the mornings to check on the odor. He also spoke about having a weather station set up on one resident's property to keep a track of the conditions when the smell occurs.

Mr. Dial asked if the OJRSA was continuing to get odor complaint calls. Mr. Eleazer replied that the OJRSA received an email just the other day. He stated that they are considering including this in Cross Creek's current lawsuit against the OJRSA and even getting the governor involved. The Director stated the OJRSA is trying to be a good neighbor by doing everything it can to remedy the situation. He added that there are no odor regulations in the state of South Carolina and that SCDES came up to the plant and did an early morning visit and did another thorough inspection in April and found no deficiencies.

The Director also asked about how much funding the OJRSA should put into this and stated that there was an 8% flow reduction which caused a deduction in revenue to the OJRSA for user fees.

Mr. Eleazer also stated that the Davis Creek Road pump stations have been great due to Seneca Light & Water keeping up with the odor-control feed and that the OJRSA is no longer getting complaint calls.

3. **Hydraulic Model Improvements for Capacity and Compliance Purposes** – Mr. Eleazer stated that it has been five (5) years since the hydraulic model had been recalibrated, and it is time to recalibrate it again. The last time it was recalibrated, the consultants had to look at the data received from the member cities. This time they will look at everything, including the improvements made by reducing inflow and infiltration (I&I). He added that the consultants are the ones who make the recommendations when sewer requests come in, so it is important that the hydraulic model captures all the improvements to give an accurate recommendation.
4. **Miscellaneous (If Any)** – The Director took a moment to thank Oconee County, the City of Seneca, and Prisma employees for all their assistance during the PAA spill.

F) Committee Members' Discussion – It was mentioned earlier in the meeting that Mr. Lindsay will be retiring at the beginning of October 2026. Mr. Moulder took a moment to thank Mr. Lindsay for his service to the OJRSA and express his congratulations on the upcoming retirement. Mr. Eleazer added that Mr. Lindsay offered to continue as a contractor for the OJRSA as needed to aid in the transition of his replacement.

G) Adjourn – The meeting adjourned at 9:17 a.m.

Upcoming Meetings:

1. **Finance & Administrative Committee** – Tuesday, July 28, 2026 at 9:00 a.m.
2. **Board of Commissioners** – Monday, August 3, 2026 at 4:00 p.m.
3. **Reconstitution Committee & Executive Committee** – Thursday, August 13, 2026 at 9:00 a.m.
4. **Operations & Planning Committee** – Thursday, August 20, 2026 at 8:30 a.m.

Notification of the meeting was distributed on July 3, 2026 to *Upstate Today*, *Anderson Independent-Mail*, *Westminster News*, *Keowee Courier*, WGOG Radio, WSNW Radio, City of Seneca Council, City of Walhalla Council, City of Westminster Council, Oconee County Council, SCDES, www.ojrsa.org, and posted at the OJRSA Administration Building.

Row #	FY 2026 O&M Project (Project # (if applicable); PM) CANNOT CARRY OVER TO NEXT FISCAL YEAR WITHOUT BUDGET APPROVAL	Notes
1	Consent Order 21-025-W Project: Biannual Compliance Report (CE)	DUE TO SCDES EVERY SIX MONTHS. Reports submitted: 11/14/21, 5/9/22, 11/10/22, 5/9/23, 11/9/23, 5/10/24, 11/8/24, 5/9/24. 11/7: Submitted to SCDES via ePermitting portal. Next report due 5/10/2026.
2	Agency Reconstitution (Sewer Feasibility Implementation) (Board, Others)	See "Agency Reconstitution" sheet to track progress.
3	Completion of Development Guide (AM)	8/5: A McCullough reviewing approx 15 dates. 8/13: Have received 22 draft documents from AM for consideration. 2/17/2025: Provided documents to K Amidon. 3/13: J Boyd providing updates. A McCullough now to review. 4/21: CE has several to review before passing back to B&M.
4	Development Policy Revision (CE)	1/12/2026: Meeting with J Gillespie to work on document this week. 1/18: Had to postpone. Rescheduled for later in month. 2/5: Met with J Gillespie. Update sent to AM. 2/10: AM sent draft back, then it was forwarded to J Gillespie for indepth review. 4/7: J Gillespie to finish review around week of 4/20.
5	Indefinite Delivery Contract for Engineering Services (CE)	12/18: On O&P agenda for consideration. 1/5/2026: Board approved negotiation with Weston & Sampson and Ardurra. 1/12: Provided final signed copies to consultants. 1/20: Incorporated minor changes approved by OJRSA counsel. Received executed copy from Ardurra and Weston & Sampson. COMPLETE.
6	Arc Flash 70E Assessment of WRF, PSs, and Other Facilities (AM)	8/5: L&S setting up date to visit and will then provide pricing. 8/12: Scheduled to be performed in September. 9/1: Date set for last part of September. 9/24: Completed onsite assessment. 10/30: Engineer will update in next 2 weeks and L&S to return for labeling and training. 12/3: Labeling complete, all that remains is training. COMPLETE
7	CMMS & Financial Software System Upgrade (CE)	12/16: Kickoff meeting held. 1/9/2026: Onsite workshop held. 2/10: Dept meetings held. 2/16: Sent draft Financial System RFP to L Flynn for consideration. 2/17: Received approval from A Lindsay. Advertised. Proposals due 3/27. 3/17: CMMS progressing smoothly. 4/21: Ahead of schedule. Performing some training and testing with staff. 5/18: Staff started testing CMMS. Tablets for field use started arriving.
8	Comprehensive Sewer Management Plan <i>Project #2026-04 (KL)</i>	1/20: Reviewing Corrective Action Plans and related info. 3/3: Received draft gap analysis report for review. 3/9: CE provided comments to draft report. 4/13: Intro and procedures added to plan, beginning work to update public notification plan and other supporting sections during next two weeks. Expect draft for review by end of April. 5/1: Received report. Will review and provide comments, if any. COMPLETE.
9	Evaluate Perkins PS & Coneross PS Pumps to Determine Repair vs. Replace (KL, EP)	1/6/2025: Will be able to use KCI's data from <u>Coneross & Perkins PS Resiliency Study (address flooding issues for possible FEMA assistance)</u> project listed below. Will not complete this as a standalone project.
10	Field Data Collection for Hydraulic Model Verification (KL)	1/6/2026: KL thinks they have about 30 MH left for Ardurra info. GMC items have been completed and submitted. CE said this is priority to complete for RIA grant. 1/27: H Ribelin believes she has all data and has team working on it. Will work on verifying info soon. 3/18: H Ribelin confirmed the data addressed items needed for map and model. COMPLETE.
11	Coneross PS Rotating Assembly for Pumps #4 & #5 (EP)	10/21: Cove Utility inspected. Check valves are inoperable. Estimate cost to replace valves and check valves is \$40,000. THIS WILL REQUIRE COMPLETION OF CONEROSS & PERKINS PS RESILIENCY STUDY TO DETERMINE REPAIR VS. REPLACE. Probably will not occur during FY 2026. Need to replace for Pumps #4 and #5. Funding needed for Final Clarifier #3 project.
12	Martin PS Motor Base Restraint System (#2 of 3) (EP)	12/16: E Partain checked on completion and it will probably be after first of year. 1/6/2026: Shipping mid-January. 1/27: Still waiting on delivery. 2/17: Should arrive this week. 2/25: Arrived. 4/21: Replaced seal on this pump within last 6 months, will install once seal needs replacement. We will self-perform installation of base. WORK TO BE PERFORMED ONCE SEAL NEEDS REPLACING.
13	Martin PS Aeration Motor Install (crane needed) (EP)	1/27: Waiting to schedule. 2/17: Discovered two other motors are bad. Will replace those at same time. 4/1: Waiting on motor to be rebuilt and should arrive next week. 4/21: Still waiting on second motor to be delivered. 5/7: Still waiting on motor. 5/19: Motor should arrive by end of week and installation to occur next week if crane is available. 6/8: COMPLETE.
14	NPDES Permit Renewal, Including PAA Installation and Operation (JM, KL)	1/27: S Harrison receiving and evaluating sampling results during the +/- 6 month sampling period. SCDES Lab Cert hopefully coming next week. 2/13: D Justice has delivered all letters to dental offices regarding low level mercury. 3/11: Switched to PAA from chlorine gas. 3/17: Obtaining sample results. 4/17: Sent draft SUR update to L Flynn and M Traynham for legal review. 4/20: Legal approval received. Will go to O&P Committee for consideration this month. 4/21: K Lindsay spoke w/ A Anderson and they have one more sample at WRF to collect. Report will be developed soon after. 4/23: Should have mercury complete soon and aluminum samples finished in June. 5/6: Reviewed Goldie proposal for minimization plan, needs revising but S Harrison out of town. 6/8: Hg sampling complete. 6/16: Last Al sample collected. Will need to update data for consultant.

15	CIP PRIORITY 1A: Portable Generator Connection for WRF (includes engineering) (JM, KL) <i>Project #2026-09</i>	12/12: Received 90% drawings to review. 1/5/2026: Final drawings received with scope of work to use in RFB (sent draft to KL for him to write specs for). 1/26: KL provided draft RFB for review. 1/28: Sent RFB to L Flynn to review before advertising. 2/11: Advertised on SCBO. Bids due on 3/31. 4/6: Project canceled due to all bids being considerably over budget.
16	Headworks Flow Pulse and Flow Channel Sensor Install (JM)	7/14: KL coordinating with Paul Davis. Items have been purchased. 8/5: Received quotes. 9/1: Paul Davis is scheduling work. 9/11: Installation complete. Now need to connect to SCADA. 10/21: Controller was bad. Waiting on new controller. 12/8: COMPLETE.
17	Project #2026-02 General Water Reclamation Facility Installation Projects (JM, KL) CANCELED	8/7: Sent draft RFB to B Kelley for legal review as required by procurement code. 8/12: Received copy from BK. 8/13: Advertised RFB. Bids due 10/1. 9/26: CANCELED BID DUE TO EMERGENCY REPAIR NEEDED ON FINAL CLARIFIER #3.
18	EMERGENCY REPAIR Final Clarifier #3 (KL, JM) <i>Project #2025-08</i>	4/10: Sent agreement to Michael Odom with Harper for review. 4/13: Now supposed to ship late Summer. Will need to roll budgeted funds to FY 2027. 6/16: Plans have been approved. Harper will demo "blue tank" and FC #3 the same day. 6/29: Updated ship date is now 11/30/2026. Project will extend to FY 2027.
19	Pretreatment Program Update (following NPDES permit issuance) (AM)	4/21: A McCullough has provided S Harrison with all comments and the plan is to get all items uploaded to SCDES ePermitting by end of week. All that is remaining is uploading and certifying by K Lindsay. 4/24: S Harrison said they have completed this and it is ready for certification by CRE. CRE certified it same day through ePermitting and received confirmation of submittal. COMPLETE.
20	Seneca Creek FM Replacement Construction Administration / Inspect (#2023-05; CE)	5/13: Force main put into service. No issues. 5/19: Dewatering old force main today. 6/23: Waiting on bill of sale from A Lindsay. 6/25: Found out Daniel Mosher no longer at GMC. Chris White is now the project manager. 7/2: Waiting on maint bond from developer. A Lindsay okay with not getting a release signed by Lewis and Fields as long as there is a maint bond.
21	Coneross & Perkins PS Resiliency Study (address flooding issues for possible FEMA assistance) (CE, JW)	1/23: Modeling will be performed and alternatives/costs to be developed. Tech memo next milestone. 2/3: Received draft memo. 2/4: CE provided comments and into to KCI team. KL still needs to review and comment. 3/31: Received final report from S Barbian. COMPLETE.
22	Employee Engagement Survey, Staff Development, and Compensation/Benefits Study (CE)	2/12: Received first batch of draft job descriptions to review. 2/16: Received second batch of job descriptions to review. 4/9: S Haroski met with all staff and reviewed survey results and discussed upcoming plan to address findings. 5/4: C Cavanaugh provided comp study and benefits update to board. COMPLETE.
23	Bypass Plan Development for Gate Replacement (KL)	12/16: All data collected, now putting together plan. 12/19: Info sent to Goldie. 12/29: KL received final plans. Approved as submitted. COMPLETE.
24	Standard Operating Procedures for Duck Pond PS per SCDES Requirements (KL, MM)	Will be invoiced for this and the two I-85 PSs together. <u>To determine how much each will be for coding, use this formula for Duck Pond: Invoice Amount x 33.54%.</u> 11/12: Began work. 12/12: Received SOPs, will begin review and provide feedback to engineer. 12/19: COMPLETE.

OCONEE JOINT REGIONAL SEWER AUTHORITY

Finance & Administration Committee

July 28, 2026

The Finance & Administration Committee meeting was held at the Coneross Creek Wastewater Treatment Plant.

Commissioners that were present:

- Seat 5 (Walhalla): Celia Myers, Chair
- Seat 4 (Seneca At-Large): Marty McKee
- Seat 7 (Westminster): Scott Parris

Commissioners that were not present:

- Seat 1 (Seneca): Josh Riches

OJRSA appointments and staff present were:

- Lynn Stephens, Secretary/Treasurer to the Board and Office Manager
- Chris Eleazer, Executive Director

Others present were:

- None

A) Call to Order - Ms. Myers called the meeting to order at 9:11 a.m. and apologized for the meeting starting late due to technical difficulties with the livestreaming.

B) Public Session – None.

C) Presentation and Discussion Items:

- 1. Update on Current Projects (Exhibit A)** – Mr. Eleazer stated that the distributed report is for the conclusion of Fiscal Year 2026. He said it was a successful year with the only failure being the unexpected repair of Final Clarifier 3, which the board authorized funds to be diverted to fix as it was critical to the plant operation. The Director added that any projects that were put off due to the diverted funds are in the works for Fiscal Year 2027. Mr. Eleazer also stated that he and OJRSA Operations Director, Mr. Kyle Lindsay, are currently working on the projects list for Fiscal Year 2027.

Ms. Myers asked if the Consent Order reports were done. Mr. Eleazer replied that the most recent reports were submitted in May.

- 2. Receive Provisional June and Fiscal Year 2026 Financial Reports (Exhibit B)** – The Director explained that this report is being provided as information only, because it is not complete. There are invoices that are still coming in to be paid that were for June, and Ms. Stephens will also have to adjust the reports after the audit is completed. Mr. Eleazer stated that once the June report is finalized, it will go to the full board for consideration in September.

D) Committee Action Items:

- **Review May and Year-to-Date Financial Reports (Exhibit C)** – Mr. Eleazer stated this report would've normally been approved by this committee in June, but that meeting had been cancelled. The Director also wanted to state that the OJRSA continues to see a trend regarding user fee revenues on the non-residential side where he doesn't think the OJRSA will meet the revenue

projections for Fiscal Year 2026. He stated that the OJRSA is about breaking even with residential customers but is approximately 7-8% below on the non-residential side. He added that the cost to treat and process wastewater is estimated at \$6.40 - \$6.60 per 1,000 gallons per a consultant, and the OJRSA collects less than \$6.00 per 1,000 gallons for residential customers. Non-residential revenue normally helps offset this deficit.

Mr. Parris made a motion, seconded by Mr. McKee, to approve the financial reports as presented. The motion carried.

E) Action Items to Recommend to the Board for Consideration:

- **Consider Revision to OJRSA Schedule of Fees Section 7.2 – Leak Adjustment Policy (Exhibit D) –**
The Director reported that it was discussed at the June board meeting that there was a section 7.2 in the new Schedule of Fees for this policy. OJRSA attorney, Mr. Lawrence Flynn, was asked to put together his recommendation for the new policy. It was reviewed by OJRSA Board Chair, Mr. Kevin Bronson, who said it looked good to him. Mr. Flynn now recommends that if the committee approves the policy today, it goes before the full board to consider being put out for public notice. Then there will be a public hearing and the board to consider adoption at the September board meeting.

Mr. Parris mentioned that the 5 months of records to determine the adjustment was good but stated that customers wouldn't want to wait 6 weeks for a decision. Mr. Eleazer asked him how long would be good. Ms. Myers stated she wouldn't mind not having a timeline at all. Mr. Eleazer replied he felt there should be some sort of timeframe. Mr. Parris asked if the OJRSA couldn't just go with the municipalities' acceptance of the leak and adjustment.

After some further review of the new policy's wording, Mr. Eleazer determined that it was stated that the OJRSA would follow what the municipalities do for wholesale customers; however, the OJRSA had to define the timeline for retail customers. Mr. Eleazer stated he would modify the policy to 21 calendar days for the decision and 14 calendar days for cutting the check afterwards.

Ms. Myers asked if the frequency of adjustments needed to be changed. Mr. Eleazer stated this would be for retail customers only; the wholesale customers would match the municipalities. Mr. Parris stated he would like that to be for 2 years. Mr. McKee and Ms. Myers were good with that.

Ms. Myers asked for a vote on this policy and stated for the record that the vote would be with Section 2 (frequency limitation) would be for retail customers only, Section 3 (wholesale customers) would mirror the municipalities' policies, and Section 4 (retail customers) would include the reduction in review period to what was previously discussed by Mr. Eleazer (21 calendar days for determination and 14 additional calendar days for cutting the check).

Mr. Parris made a motion, seconded by Mr. McKee, to recommend the revision to OJRSA Schedule of Fees Section 7.2 – Leak Adjustment Policy to the full board for public notice with the changes noted. The motion carried.

F) Executive Director's Discussion and Compliance Matters:

- **Miscellaneous (If Any) –** The Director stated that the OJRSA board pre-authorized him to approve up to a certain amount in change orders for the plant dewatering equipment project. The most recent change order that was approved yesterday brought the OJRSA up to that designated amount.
Mr. Eleazer stated there are two (2) more change orders coming for the project, including two (2) valves needing to be replaced. The SCIIP grant will pay for the valves, but Mr. Eleazer is still waiting for confirmation.

The Director stated he plans to ask the board for pre-authorization for an additional not-to-exceed amount. This pre-authorization would be for absolute SCIIP reimbursement if the OJRSA does not have confirmation in advance. Any other change orders would be presented to the board for consideration.

G) Committee Members' Discussion – None.

H) Adjourn – The meeting adjourned at 9:45 a.m.

Upcoming Meetings:

- **Board of Commissioners** – Monday, August 3, 2026 at 4:00 p.m.
- **Reconstitution Committee and Executive Committee** – Thursday, August 13, 2026 at 9:00 a.m.
- **Operations & Planning Committee** – Thursday, August 20, 2026 at 8:30 a.m.
- **Finance & Administration Committee** – Tuesday, August 25, 2026 at 9:00 a.m.

Notification of the meeting was distributed on July 8, 2026 to *Upstate Today*, *Anderson Independent-Mail*, *Westminster News*, *Keowee Courier*, WGOG Radio, WSNW Radio, City of Seneca Council, City of Walhalla Council, City of Westminster Council, Oconee County Council, SCDES, www.ojrsa.org, and posted at the OJRSA Administration Building.

Row #	Restricted Fund Projects <i>(Project Manager)</i>	Comp. Performing (and Project Mgr)	Notes
A	I-85 Corridor Phase II <i>See below (CE)</i>	<i>Varies. See Below</i>	12/8: Sent email to Greg Shelton to schedule discussion about culvert v. bridge option. 12/11: T Dupree emailed saying they will update the record drawings to include service to Yoders. 12/16: J Wilson and M McClain confirmed lateral from Yoders connects to grav sewer via in-line wye. T Dupree will get revised plans to OJRSA soon but it will likely be after holidays. Also forwarded him the email from J Reynolds on 8/6 about grassing and other warranty-related questions. Also sent L Flynn email about contacting Greg Shelton/David Whipple about culvert v. bridge option at Broomway. Have not heard back from Shelton on email sent 2 weeks ago. 12/17: Forwarded P Shirley email regarding waterline at Welcome Center and the Broomway bridge/culvert option. Asked KL for update on locating/GPSing cleanout at 501 E Fairplay Blvd. and get rim and grade elevations. 12/17: Received revised record drawings from D&F. Received update from T Dupree about stabilization. There are some needs (he included in email). Asked him to contact Moorhead b/c warranty period ends 12/19/26. 12/19: L Flynn received response from D Whipple stating they are considering bridge option and asked for more info. 12/30: Info from T Dupree forwarded to L Flynn to share with D Whipple. 1/5/2025: T Dupree and Joe Laws with SCDOT communicating about gate access. 1/7: OJRSA informed D&F of approval of gate plan that was received earlier in day. Completed SCDOT permit. 1/8: Sent letter to B Dean (DOT) saying OJRSA would maintain gate. 2/20: Received SCDOT Encroachment Permit to install gate at controlled access location at Exit 2. KL to get quotes from qualified SCDOT contractors. 3/9: T Dupree confirmed SCDOT Encroachment Permit was submitted for water line at Welcome Center last week. 4/14: T Dupree believes the cleanout that was broken off is now under the northbound travel lane of SC 59. If we need a permit to dig into road, then need encroachment permit for work. 6/8: Gate installed at Exit 2.

SCHEDULE OF FEES SECTION 7.2

LEAK ADJUSTMENT POLICY

DRAFT

Section 1. Purpose; Eligibility. The purpose of this policy is to provide a fair and consistent method for adjusting sewer charges attributable to qualifying water leaks that do not result in additional wastewater treatment or conveyance costs to the OJRSA. Because sewer charges are generally calculated based upon metered water consumption, a qualifying leak may result in sewer charges being assessed for water that did not enter the sanitary sewer system and therefore did not require collection, conveyance, or treatment by OJRSA (e.g., toilet leaks; running toilets; leaking faucets, fixtures, or plumbing located inside or outside of a structure where the water enters the OJRSA system).

Section 2. Frequency Limitation. A customer shall be eligible to receive no more than one (1) leak adjustment during any **three (3)** year period, measured from the date of approval of the previous leak adjustment. OJRSA, acting through its governing board, reserves the right to waive this limitation in extraordinary circumstances upon a finding that strict application of this provision would be inequitable.

Section 3. Wholesale Customers. For Wholesale Service Area customers served whose retail sewer service is provided by Member City or the Town of West Union, OJRSA shall follow and apply the leak adjustment policy and determination made by the applicable retail sewer provider. Any adjustment approved by the retail sewer provider shall be recognized by OJRSA for purposes of calculating and applying the corresponding wholesale sewer charge adjustment.

Section 4. Retail Customers. For customers receiving sewer service directly from OJRSA in the Retail Service Area, a written leak adjustment request (a "Leak Request") shall be submitted in writing to OJRSA and shall include: (1) the customer account number; (2) a description of the leak; (3) the date the leak was discovered; (4) the date the leak was repaired; and (5) documentation demonstrating repair of the leak, including invoices, receipts, photographs, contractor statements, or other evidence acceptable to OJRSA. Requests must be submitted within ninety (90) days following repair of the leak unless otherwise approved by OJRSA.

If a Leak Request is approved, OJRSA shall calculate the adjustment based upon the estimated volume of water attributable to the qualifying leak that did not enter the OJRSA system. The adjustment shall apply only to sewer charges. Water charges, fees, penalties, or other charges imposed by a water provider shall not be adjusted by OJRSA. The determination of the adjustment amount shall be made by OJRSA based upon a running average of four (4) months of historical usage, not including the leak period, and any other information deemed relevant by OJRSA.

OJRSA shall review each complete Leak Request and issue a determination within a reasonable period, which shall generally not exceed six (6) weeks. If a Leak Request is denied in whole or in part, OJRSA shall provide written notice of the determination. Approved leak adjustments shall be applied as a credit to the customer's account and reflected on one or more subsequent bills. If the customer account has been closed and a credit cannot reasonably be applied, OJRSA shall issue a refund check for the approved adjustment amount within sixty (60) days following approval of the request.
