

Ad Hoc Reconstitution Committee and Executive Committee

OJRSA Operations & Administration Building
Lamar Bailes Board Room
August 13, 2026 at 9:00 AM

This advisory committee was established by the OJRSA Board of Commissioners at its August 4, 2025 meeting to consider the reorganization recommendations as identified in the [Ad Hoc Sewer Feasibility Implementation Committee Final Recommendations](#) report. This committee can neither create policy nor make decisions on behalf of the OJRSA or other wastewater service providers within the area. The recommendations are available at www.ojrsa.org/info.

OJRSA commission and committee meetings may be attended in person at the address listed above. The OJRSA will also broadcast meetings live on its YouTube channel at www.youtube.com/@OconeeJRSA (if there is a technical issue preventing the livestreaming of the meeting, then a recording will be published on the channel as soon as possible). For those not able to attend in person, then the OJRSA Board or Committee Chair will accept public comments by mail (623 Return Church Rd, Seneca, SC 29678) or at info@ojrsa.org. Comments must comply with the public session instructions as stated on the meeting agenda and will be received up until one hour prior to the scheduled meeting. If there is not a public session scheduled for a meeting, then comments shall not be accepted.

Quarterly Progress Report: OJRSA Regional Feasibility and Reconstitution
Report No. 4
 July 13, 2026

Background

In 2022, the Oconee Joint Regional Sewer Authority (“OJRSA” or “Authority”) was awarded a Regional Feasibility Planning Grant¹ by the South Carolina Rural Infrastructure Authority (“RIA”). OJRSA subsequently procured the services of W.K. Dickson (now, Ardurra) to develop a comprehensive Regional Feasibility Planning Study (“Planning Study”) to determine if regionalizing sewer collection, conveyance, and treatment in Oconee County, South Carolina (“County”) will streamline service delivery and enhance the success of the community and its quality of life. The Planning Study² included the analysis and recommendations in the following core areas: (1) governance structure; (2) revenues and finance; (3) environmental compliance, (4) utility resources, and (5) efficiency in operations and service.

The Planning Study was completed in August 2024 and adopted by the OJRSA Board of Commissioners (“Board”) in September 2024. A special Ad Hoc Regional Feasibility Study Implementation Committee (“Feasibility Committee”) was established by the Board in November 2024 to review, discuss, and evaluate the Planning Study’s primary recommendations and to provide independent recommendations for implementing this restructuring.

The Feasibility Committee established five major recommendations to reorganize/reconstitute the OJRSA under the South Carolina Joint Authority Water and Sewer Systems Act (the “Act”), as follows:

1. The collection systems of current Authority members and Oconee County should be consolidated into one combined system – owned, operated, and maintained by the reconstituted Authority.
2. The Authority should be reconstituted with a new five-member Board of Commissioners (the “New Board”).
3. The governance documents of the reconstituted Authority will be drafted and supersede all existing Authority governance documents and contracts, which must be dissolved as a part of this process. These documents will also provide that the reconstituted Authority will have the power to provide retail sewer services within its service area as necessary to support the operation of the consolidated collection systems. This should be finalized upon completion of the consolidation but can be drafted during the consolidation process.
4. The current Board will dissolve the Feasibility Committee and then establish a working group or smaller ad hoc committee to oversee and guide the initial implementation steps outlined above (the “Reconstitution Committee”³).
5. It is recommended that a communications plan for the reorganization be developed, which should be used by all entities involved. This plan will ensure clear and consistent messaging while also allowing for input from residents and customers of the Authority. Maintaining an open process is crucial to maximize the chances of success in consolidating the collection systems and establishing the reconstituted Authority with the New Board.

The Feasibility Committee noted the recommendations were vital to the long-term success of the Authority, and in the absence of the implementation of these recommendations, the OJRSA runs the risk of significant regulatory compliance matters, lack of funding, and restrictions on growth and development of the County as a whole.

The final Feasibility Committee recommendations, which were presented to and accepted by the Board at a joint meeting with Oconee County Council in July 2025, included a list of specific tasks which were established by the Feasibility Committee with timelines associated with each function. These included:

1. Within 45 days (August 29, 2025)⁴, the current Board will dissolve the Feasibility Committee and

establish the Reconstitution Committee for further implementation oversight.

2. On a quarterly basis, the Reconstitution Committee will provide an update to RIA, the current Board, and Oconee County on the progress of the implementation of these initial recommendations.
3. Within 45 days (August 29, 2025), the legislative revisions to the Act will be finalized and provided to the Oconee County Delegation ("Delegation"). Consultation shall be made with the Delegation on whether lobbyist support will be needed.
4. Within 90 days (October 13, 2025), resolutions of support for system consolidation/Authority reorganization will be provided to and adopted by each governing body affected by the recommendations, including the Board, Seneca City Council, Walhalla City Council, Westminster City Council, West Union Town Council, and Oconee County Council.
5. Within 120 days (November 12, 2025), consultants shall be engaged, and the process of collection system evaluation (technical) and valuation (financial) will be initiated, including identification of potential funding for this effort and immediate rehabilitation projects that may be identified or on current Capital Improvement Plans ("CIP"). Additionally, a rate consultant will be engaged.
6. Within 120 days (November 12, 2025), a Communications Plan will be developed under the guidance of the Implementation Committee and provided to all entities involved.
7. Within 60 days of the approved changes to Act being approved (likely July/August 2026), the list of recommendations for the initial commissioners for the reconstituted Authority ("New Commission") will be provided to the Delegation.
8. Within 15 months (February 27, 2027), the evaluation and valuation of collection systems will be completed.
9. Within 18 months (May 12, 2027), the determination of a timeline for developing a unified, equitable rate structure will be provided as a part of the initial terms for collection system consolidation.
10. Within 24 months (July 15, 2027), legal documents to transfer collection system assets to the Authority will be executed, as well as all necessary reconstitution documents.
11. Within 25 months (August 16, 2027), if the legislative amendments have not been approved, plans for consolidation under the amended Act will be abandoned. Thereupon, the Authority will proceed to consolidate the member system and implement the reconstitution under the existing Act, with such process to be finalized by no later than 36 months (July 17, 2028). Additionally, all members shall be issued permits in compliance with the OJRSA Sewer Use Regulation ("SUR") and added as co-permittees under the National Pollutant Discharge Elimination System ("NPDES") permit.

are ones that could derail the process. As such, they are working to clarify the process/voting allocations and address other concerns from the entities as they arise to keep this effort moving forward. The importance of transparent and open communication has been conveyed to the committee as the facilitators feel this to be a key factor in successfully completing the reconstitution of the authority.
